Hampton Inn Bossier City Announces Upgraded Amenities and Renovation

BOSSIER CITY, LA — April 15, 2005 — The Hampton Inn Bossier City - Shreveport announces that the renovation of the lobby and breakfast area has been completed as the hotel implemented the signature Make It Hampton program.

Sharlot Johnson, Director of Sales for the Hampton Inn Bossier City - Shreveport, commented, “Since we upgraded the complimentary daily hot breakfast as part of Hilton’s Make It Hampton initiative, we thought it important to renovate the breakfast area to compliment our new signature breakfast.” The hotel completed a thorough remodeling and design of the lobby and breakfast area. Guests of the Hampton Inn Bossier City - Shreveport enjoy the complimentary hot breakfast while surfing the Internet on a state of the art wireless network.

In addition to the hot On the House rotating breakfast additions of eggs, sausage, and ham the hotel offers Hampton’s newest innovation – the “On the Run™ Breakfast Bags”. On the Run™ was designed for travelers in a hurry but in need of a quick bite to eat. Featuring fresh fruit, a muffin, bottled water, and a breakfast bar the front desk keeps a fresh supply during the morning hours.

General Manager, Scott Douglas, said, “We’ve added curved shower rods to increase the space in the shower, upgraded the amenities in the rooms, installed a one-of-a-kind alarm clock, provided lap desks for guests to work wirelessly on the Internet from the comfort of our beds being outfitted with new mattresses. Topping off all these changes with the renovated lobby and breakfast area gives the traveler the best value in the area.”

About the Hampton Inn Bossier City - Shreveport
