**JUPITER FAIRFIELD INN & SUITES by MARRIOTT
ANNOUNCES LAUNCH OF NEW WEBSITE**

JUPITER, FL — March 1, 2006 — The Fairfield Inn & Suites by Marriott in Jupiter, Florida announced today that it has launched its new official hotel website. The hotel is located in Jupiter, which is in famed Palm Beach County in South Florida. The Jupiter Fairfield Inn & Suites by Marriott participates in the coveted Marriott Rewards program where guests earn points for complimentary stays at any Marriott branded property.

The website address is <http://www.fairfieldinnsuitesjupiter.com> and is live on the world-wide-web.

Unlike other travel sites the new website offers guests booking rooms the promise of the lowest rate on the Internet and the ability to earn Marriott Rewards points. There are no pre-payment conditions and guests book directly into the hotel's central reservation network.

“The website was developed to accommodate the needs of business and leisure travelers coming to Jupiter by letting everyone know that we have a great hotel convenient to both Interstate 95 and Florida's Turnpike,” remarked General Manager, Jesse Phillips.

Featured on the website are digital photos, all the amenities and services that the Marriott flagged select service hotel offers as well as information on the beaches, shopping, attractions, and restaurants of Jupiter.

Mr. Phillips stated, “The new site is a convenient way for us to reach our guests with a personalized service message. We are excited to launch this site in conjunction with the Marriott booking engine to offer the best rate guarantee and Marriott Reward points. There are so many websites out there that having our own site gives us the flexibility to reach our clients with our own targeted message.”
